

## PRODUCT HIGHLIGHTS

A unique ratcheting system on the Discovery™ Series Selectorized Line Rotary Torso easily adjusts the start position so users can move efficiently into their workout. Arm, seat and back pad position secures the user and maximizes oblique muscle engagement.

## ROTARY TORSO-DSL0315 DISCOVERY™ SERIES

## PRODUCT FEATURES

### Multi-Directional

No workout is complete if only one side of the body is exercised. The DSL0315 Rotary Torso provides resistance for rotation in both directions, providing a complete oblique workout.

### Seat Positioning

The arm, seat, and back pad position secures the exerciser and maximizes oblique muscle engagement.

### Start Position Adjustment

The ratcheting, gas-assisted seat adjustment features a large, ergonomic, over-molded rubber adjustment handle, making it easy and comfortable for exercisers to adjust the start position.

### Weight Tower, Shroud, and Weight Stack

The open and inviting design allows exercisers to easily access the weight stack selector pin and add-on weight lever. The 5 lb / 2.3 kg add-on weight can be engaged with a simple flip of the lever to increase the load. The shroud cap is secured with three fasteners for easy access and maintenance, and the smaller diameter cables are flexible enough to stand up to the rigors of the facility floor.

### Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

## PRODUCT SPECIFICATIONS

Dimensions (L x W x H): 50 x 54 x 59 in / 127 x 137 x 150 cm

Equipment Weight: 451 lb / 205 kg

Weight Stack: 160 lb / 73 kg

Incremental Add-on Weight: 5 lb / 2.3 kg

Frame and Finish: Oversized 4x2-inch frames are 11 and 8-gauge steel and welded in all structural areas. Powder coated frames.
