

PRODUCT HIGHLIGHTS

The Discovery™ Series Selectorized Line Seated Calf Extension allows easy access and enhanced ergonomics for a precisely targeted resistance workout for the calf muscles. The curved foot platform provides a stable and comfortable foundation throughout the complete range of motion.

SEATED CALF EXTENSION-DSL0623 DISCOVERY™ SERIES

PRODUCT FEATURES

Seat Design

The linear bearing horizontal seat platform is easily adjustable. The seat position ensures that the exerciser directs force properly through their hips for an effective and comfortable exercise experience.

Footplate and Platform

The center-loaded footplate distributes the resistance evenly across both feet, resulting in a smooth movement and decreased stress on the product components. The curved foot platform stabilizes the exerciser's ankles to properly activate the calf muscles during the workout.

Weight Tower, Shroud, and Weight Stack

The open and inviting design allows exercisers to easily access the weight stack selector pin and add-on weight lever. The 5 lb / 2.3 kg add-on weight can be engaged with a simple flip of the lever to increase the load. The shroud cap is secured with three fasteners for easy access and maintenance, and the smaller diameter cables are flexible enough to stand up to the rigors of the facility floor.

Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

PRODUCT SPECIFICATIONS

Dimensions (L x W x H): 53 x 44 x 59 in / 135 x 112 x 150 cm

Equipment Weight: 679 lb / 308 kg

Weight Stack: 400 lb / 181 kg

Incremental Add-on Weight: 5 lb / 2.3 kg

Frame and Finish: Oversized 4x2-inch frames are 11 and 8-gauge steel and welded in all structural areas. Powder coated frames.
