

PRODUCT HIGHLIGHTS

The innovative and durable design of the AMT® 733 has an adaptive stride length and fixed stride height to provide exercisers of all fitness levels with a wider range of motions during workouts. The AMT 733 intuitively responds to users' natural motion, allowing them to adapt their stride length for a comprehensive cardio workout - all without so much as the push of a button. To round out the workout experience, the P31 LED console provides exercisers with the essential fitness stats.

AMT® 733

Experience™ Series

ADAPTIVE MOTION TRAINER®

Refined colorways with dark Tungsten covers and two frame color options.

Gloss Metallic Silver Black Pearl

** The heart rate feature is intended for reference only. They may not be accurate for every user or at every intensity and are not intended for use as a medical device.*

PRODUCT FEATURES

P31 CONSOLE

LED console that works harder for you, your servicers, and your exercisers. Get integrated asset management to supercharge your service techs with extra information, right at their fingertips. Exercisers will enjoy the well-placed channel or volume change controls. The black color on the P31 looks great across the full range of Precor cardio equipment.

OPEN STRIDE™

Open Stride™ is a unique feature that allows exercisers not only to dynamically adapt their stride length from zero to 36 inches (0 to 91 cm), but also to adjust their stride height from 6.8 to 10 in (17 to 25 cm), providing an infinite range of stride paths to engage several muscle groups. Open Stride™ can be adjusted from level 1 to 5 with the tactile motion controls.

HANDLEBARS FIT EVERYONE

The tapered moving handlebars provide a comfortable fit for nearly every exerciser. The stationary grip has a heart rate sensor built-in that provides monitoring and a stable, comfortable position when focusing on the lower body.

TOTAL BODY WORKOUT IN ONE PIECE OF EQUIPMENT

Exercisers can go from short stride to long stride, walking to running, and climbing to striding, allowing them to target different muscle groups. Pushing and pulling the moving handlebars will engage the upper body, resulting in a total body workout.

PRODUCT SPECIFICATIONS

Dimensions (L x W x H): 80 x 35 x 69 in / 203 x 89 x 175 cm

Equipment Height with PVS: 82 in / 208 cm

Equipment Weight: 412 lb / 187 kg

Power: Self-powered

Total Workouts: 6

Resistance Levels: 20

Adjustable Stride Length: 0 - 36 in / 0 - 91 cm
