

PRODUCT HIGHLIGHTS

Our entry level, high quality indoor cycle with many of the same proven Spinner® ergonomics and function as our other Spinner® bikes. The Spinner® Ride is a great option for facilities just entering the market, offering 10 or fewer classes a week, and looking to easily satisfy members with a reliable "turn key" experience of product, education, and service. Available in both belt and chain drive.

SPINNER® RIDE INDOOR CYCLE

** The heart rate feature is intended for reference only. They may not be accurate for every user or at every intensity and are not intended for use as a medical device.*

PRODUCT SPECIFICATIONS

Dimensions: 48 in x 20.4 in x 49.5 in (122 x 52 x 125.7 cm) cm
Equipment Weight: 124 lb / 56.4 kg
Power: Self-powered
Flywheel Weight: 43 lb / 19.5 kg
Max User Weight: 350 lb / 158.7 kg

PRODUCT FEATURES

FLYWHEEL

The 43 lb. perimeter weighted flywheel provides a superior ride feel whether you select the true-to-our-roots chain drive or the quieter, smoother belt drive system.

DURABILITY

Durability is improved by the oversized cranks, the patented Morse taper pedal and bottom bracket interface.

ADJUSTMENTS

Micro-adjustable fore-aft seat and handle bar adjustments, height adjustments and oversized asymmetric pop-pin knobs provide an easy-to-use and personalized fit for riders of all sizes.

REAR STABILIZER

Thoughtful design elements, like rear stabilizer covers that protect from exerciser's cleats when stretching and nylon levelling feet, make the Spinner® Shift rust resistant and easier to own.

Drive Options: Chain Drive or Poly-V Belt Drive

Resistance System: Magnetic

Console: Spinning® Studio Console (Optional)

Accessories: Integrated Reading Rack, Accessories Holder, Optional - Cable Management

Warranty: Visit www.precor.com for warranty terms.
