

PRODUCT HIGHLIGHTS

The RBK 635 recumbent bike features the P30 console and a step-through design to appeal to a wide range of exercisers. The simple seat adjustment allows the user to change the position of the seat with one hand, either on or off the bike. A ventilated air flex seat provides exceptional comfort. This bike is a cost effective option for a broad range of environments such as corporate gyms, apartment complexes and fire departments.

RBK® 635

Experience™ Series

RECUMBENT BIKE

** The heart rate feature is intended for reference only. They may not be accurate for every user or at every intensity and are not intended for use as a medical device.*

PRODUCT FEATURES

P30 CONSOLE

The P30 console features easy-to-use motion controls and an LED display that focuses on the essential fitness stats to keep exercisers informed and engaged. Add an optional Entertainment Cap to provide access to a selection of audio channels, including those from wall or ceiling-mounted displays, or a Personal Viewing System (PVS) to give exercisers a more personal entertainment experience, with total choice and control.

STEP-THROUGH DESIGN

Designed for easy entry, the recumbent bike has a step-through design (14 in / 36 cm wide) with a low step-over height (4 in / 10 cm).

AIR FLEX SEAT BACK

The custom-designed air flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

SEAT ADJUSTMENT

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

EASE OF MAINTENANCE

The easy-to-remove shrouds ensure quick access to the belt drive system for maintenance and servicing without removing the pedals or crank arms.
