

PRODUCT HIGHLIGHTS

The RBK 685 recumbent bike features the P82 console and a step-through design to appeal to a wide range of exercisers. The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike. A ventilated air flex seat provides exceptional comfort. This bike is a cost effective option for a broad range of environments such as corporate gyms, apartment complexes, and fire departments.

RBK® 685

Experience™ Series

RECUMBENT BIKE

* The heart rate feature is intended for reference only. They may not be accurate for every user or at every intensity and are not intended for use as a medical device.

PRODUCT FEATURES

P82 CONSOLE

The P82 console offers a brilliant 15 in / 38.1 cm screen that's ergonomically positioned to deliver crystal-clear entertainment viewing for exercisers in motion. When networked, it serves as a direct-to-exerciser communication portal, allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.

STEP-THROUGH DESIGN

Designed for easy entry, the recumbent bike has a step-through design (14 in / 36 cm wide) with a low step-over height (4 in / 10 cm).

AIR FLEX SEAT BACK

The custom-designed air flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

SEAT ADJUSTMENT

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

EASE OF MAINTENANCE

The easy-to-remove shrouds ensure quick access to the belt drive system for maintenance and servicing without removing the pedals or crank arms.
