

PRODUCT HIGHLIGHTS

The TRM 731 combines essential reliability and ease-of-use with an intuitive console at a value just right for you. This treadmill is designed to optimize performance and maintenance while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

TRM 731 Interval Experience™ Series

TREADMILL

Refined colorways with dark Tungsten covers and two frame color options.

Gloss Metallic Silver Black Pearl

** The heart rate feature is intended for reference only. They may not be accurate for every user or at every intensity and are not intended for use as a medical device.*

PRODUCT FEATURES

P30i INTERVAL CONSOLE

P30i Interval Console supports a get-on-and-go experience that gives operators the ability to offer group interval training on the 700 Line Treadmill. At any time during the workout, the exerciser can change the interval intensity using one-touch speed and incline keys. For added convenience, there are three interval settings that allow the exerciser to quickly program and save low, medium, and high-intensity interval levels. Once saved, the exerciser simply presses one of the three keys to transition to the saved speed and incline level.

INTEGRATED FOOTPLANT TECHNOLOGY™

Integrated Footplant Technology recognizes the exerciser's natural foot speed and matches every stride for an ultra-smooth feel that enhances the workout experience.

GROUND EFFECTS® IMPACT CONTROL SYSTEM

This patented GFX system combines ideal cushioning, support, and stability for exercisers. Precor treadmill decks are designed to absorb more impact in the front where exercisers' feet hit the belt. Added rigidity at the back of the belt allows for a firm push-off.

POWER FACTOR CORRECTION (PFC)

The highly-efficient 4 HP AC motor drives are optimized with PFC for increased efficiency, improved performance, and reduced energy consumption by up to 30%.

PRODUCT SPECIFICATIONS

Dimensions (L x W x H): 83 x 35 x 68.5 in / 211 x 89 x 174 cm

Equipment Weight: 405 lb / 185 kg

Power: 120 volt, 20 amp individual branch circuit

Motor Drive: 4 HP AC motor with Power Factor Correction

Speed Range: 0.5 – 12 mph / 0.8 – 19.25 km/h

Elevation Range: 0% to 15% incline in 0.5% increments Step-

up Height: 9.5 in / 24 cm

Network Capabilities: C-SAFE enabled Mobile Device Charger - Standard

Entertainment: Optional - 15 in / 38.1 cm Personal Viewing System (PVS)

Optional - TV Audio Receiver

Accessories: Integrated Reading Rack, Accessories Holder, Optional - Cable Management

Warranty: Visit www.precor.com for warranty terms.
